### THE COFFEE POT

The big coffee pot on top of the store withstood the storm and remains fast and firm to its moorings—a tribute to the strength of the fresh home roasted coffee it represents.

There is nothing like our fresh roasted coffee for strength and purity and flavor—six kinds, and one of them just suits your taste.

### STORM CLAIMED NINE LIVES AT SAINT LOUIS

Swept by Chicago and Through Illinois and Now Centered Over Indiana—Will Catch Lower Lake Region and Southwest New York.

[By Associated Press.]

St. Louis, Mo., Aug. 21.—The storm which swept this city late yesterday took nine lives, it became known today. Two are yet missing. Nine bodies were found, one of which was a white woman. The others were negroes. The missing are negroes.

Storm Wanes in Strength.

[By Associated Press.]  
Chicago, Ill., Aug. 21.—The Texas

storm, which yesterday swept northward, passed Chicago and through Illinois, and today is centered over Indiana. Its strength is waning, but the winds still are powerful. It will traverse the lower lake region and perhaps Western New York before disappearing.

### TEN MEXICANS CROSSED BORDER

Were Heavily Armed and Well Mounted—Troops Are Looking for Them.

[By Associated Press.]

Brownsville, Tex., Aug. 21.—Ten Mexicans, reported to be deserters from a Carranza detachment near Reynosa, crossed into Texas sixty miles above here. They have fourteen extra rifles and had ten horses. The United States border patrol is searching for the band.

Mrs. D. F. Trapp returned today from Houston, where she has been for several days with her little son, Allen. She was met in Houston by her mother-in-law, Mrs. F. J. Shipp, who took Allen to Nashville, Tenn., to enter him in the Industrial College at that place.

### DEATH OF AMERICANS MAKES TENSION TAUT

Ambassador Gerard Will Call on Germany for Explanation of Sinking of the Arabic—No Effort at Washington to Conceal Gravity of the Situation—Belief Grows That Breach Between the Two Governments Is Near—Affidavits Received That No Warning Was Given—A Crisis Approaches in the Balkan Situation With Indications Pointing to a Line-Up With the Allies—Italians Win Battle With Austrians in the Air—Bulgaria Has 150,000 Troops on Turkish Border—Official Notice That Cotton Is Contraband Will Be Issued Tomorrow.

[By Associated Press.]

Washington, Aug. 21.—It was announced at the State Department today that Ambassador Gerard will be directed to call the German government's attention to the sinking of the

Arabic, on which the lives of two Americans were lost, and invite an explanation.

That the situation has reached great gravity is not attempted to be concealed in official circles.

The belief grows that a breach between the two governments is near. Affidavits arrived today showing no warning whatever was received by the Arabic before the fatal torpedo was fired.

The British government declares the vessel was not convoyed by warships.

### BALKANS APPROACH CRISIS.

[By Associated Press.]

London, Aug. 21.—Danger of another Balkan war looms large, says a dispatch from Bucharest, unless the proposals of the Entente powers are accepted by Bulgaria, Serbia and Greece. Roumania is trying to induce her neighbors to accede and Serbia shows signs of compliance.

### Italians Win Battle in Air.

[By Associated Press.]

Paris, Aug. 21.—An Italian air squadron defeated a squadron of Austrian aviators in a battle off the Adriatic coast, says today's dispatch from Turin. The Italians claim three enemy machines were brought down and the crews either killed or taken prisoners, and that the Italians returned to their base unharmed.

### Bulgaria Is Ready.

[By Associated Press.]

Naples, Aug. 21.—Bulgaria has concentrated 150,000 troops near Turkey, which means she is ready for war if the other Balkan powers accept the Entente powers' proposals.

### Will Announce Contraband.

[By Associated Press.]

Paris, Aug. 21.—The Foreign Office announces the official journal tomorrow will contain the British and French governments' proclamation that cotton is contraband of war.

### WATER SITUATION IN GALVESTON BAD

Break Found in Main Under Bay and No Water Before Next Tuesday.

[By Associated Press.]

Galveston, Tex., Aug. 21.—With the city's water supply problem growing acute, the management of two railroads running into Galveston today came to the rescue with orders for big forces of men to build a new main across the bay to the mainland and there connect with the old main leading to the regular supply main at Alta Loma.

People were disappointed today in not getting water, which was turned into the mains at Alta Loma. This morning it was found a break under the water in the bay kept the supply from coming across.

At first the city started divers to locate the undersea break, but the

### The Pure Food Laws

Are a blessing in many ways, but they don't go far enough. Unless your grocer is keenly alert and insistent upon quality and freshness, he may be as badly fooled now as before the enactment of the laws.

We don't depend wholly upon the law—we make our own demands for purity, and we see to it that they are complied with.

### RESENT PRESENCE OF RED CROSS

Its Presence in Mexico City Resented Despite the Great Work Being Done.

[By Associated Press.]

Mexico City, Aug. 21.—The presence of the American Red Cross in the capital is resented by the head of the local charities, who says there is plenty of food and that the government is able to take care of the sick and hungry. Meanwhile hundreds of applications are received daily by the Red Cross, who have appeals from 25,000 families. It is believed that the Red Cross will be feeding 100,000 families by the end of the month.

### ROBBED JUNK MAN, MISSED HIS ROLL

[By Associated Press.]

Laredo, Tex., Aug. 21.—Joseph Simon, a traveling junk dealer, was robbed yesterday on the road by two armed Mexicans, who got a few dollars and missed several hundred dollars he had hidden in an old automobile tire in his wagon. A posse is pursuing the robbers.

### COTTON RECEIPTS.

At the railway station a nice old lady left the train and got into a cab. The cabman said, "Gimme your bag, lady; I'll put it on top o' the cab."

"No, indeed," answered the dear old lady, "that poor hoss has enough to pull. I'll just hol' it on my lap."

### The Overland's New Motor The Wonderful "Knight"

The "Knight" is a motor whose qualities have been proven by the severest tests that have ever been imposed upon a gas engine.

These tests were made by the Royal Automobile Club of England, under the supervision of their officials, allowing none of the "Knight" manufacturers to touch the motor during the entire test, which consisted of 132 hours of continuous running on the block under full load and a track-run of 3,000 miles.

Not one time during this severe test did the power line of the 48 H. P. "Knight" motor fall below 133 1-3 per cent of the ratings. Or, in other words, it developed 33 1-3 per cent more power than it was rated at.

The "Knight" feature is the sliding sleeve valve which, by working in direct ratio to the crank-shaft and controlled by solid connections instead of springs, insures a positive opening and closing of the valves at the proper moment at all speeds.

The wearing ability of the "Knight" has been proven by the fact that after running fifty thousand miles under all conditions, the motors have been torn down and found to be in excellent condition, the original "fine" grinding marks were still to be distinctly discerned on the sleeves.

There are so many more points of superiority about the "Knight" motor that it would be useless to try to put them in so small a space. We will have a "Knight" car in our sample room in the near future, and will be glad to tell you more of its good qualities.
